MEMORANDUM FOR: Director of Personnel

SUBJECT: IC T/O and Manpower

1. I understand you discussed aspects of these subjects with Tom Parrott today. I would just like to emphasize to you that my understanding with Bill Colby about a ceiling of ☐ for FY 73 is purely based on my undertaking to him that I will not recruit beyond this point during Fiscal Year 1973. This is to assist him and the Director in their over-all ceiling problems over the next 12 months. This in no way obviates the T/O we have submitted for a total of ☐ slots, against which I may further recruit in FY 74, depending on my experience in the interim and my needs at that time.

2. I further understand that there is full budgetary provision for the ☐ total in CIA's FY 74 budget.
